and this Court having jurisdiction to consider the Motion and the relief requested therein pursuant to 28 U.S.C. § 1334; and consideration of the Motion and the requested relief being a core proceeding pursuant to 28 U.S.C. § 157(b); and it appearing that venue is proper before this Court pursuant to 28 U.S.C. §§ 1408 and 1409; and due and proper notice of the Motion and the hearing thereof having been provided; and such notice having been adequate and appropriate under the circumstances, and it appearing that no other or further notice need be provided; and this Court having reviewed the Motion; and upon any hearing held on the Motion; and all objections, if any, to the relief requested in the Motion having been withdrawn, resolved, or overruled; and upon consideration of the Castellano Declaration and all evidence presented at any hearing held on the Motion; and the Court having determined that the legal and factual bases set forth in the Motion establish just cause for the relief granted herein; and it appearing that the relief requested in the Motion is necessary to avoid immediate and irreparable harm to the Debtors and their estates and is in the best interests of the Debtors, their respective estates, creditors, and all parties in interest; and upon all of the proceedings had before this Court; and after due deliberation and sufficient cause appearing therefor, and the Debtors having demonstrated good, sufficient and sound business justifications for the relief granted herein, it is **HEREBY FOUND AND DETERMINED THAT:**

A. **Findings and Conclusions.** The findings and conclusions set forth herein constitute this Court's findings of fact and conclusions of law pursuant to Bankruptcy Rule 7052, made applicable to this proceeding pursuant to Bankruptcy Rule 9014. To the extent any of the following findings of fact constitute conclusions of law, they are adopted as such. To the extent any of the following conclusions of law constitute findings of fact, they are adopted as such.

B. **Jurisdiction.** This Court has jurisdiction to hear and determine the Motion and to grant the relief requested in the Motion pursuant to 28 U.S.C. § 1334. Without limiting the generality of the foregoing, this Court has exclusive *in rem* jurisdiction over the Debtors' right, title and interest in and to the Specified MLI Hospitals, the Closed Hospitals, and the Space Coast Hospitals pursuant to 28 U.S.C. § 1334(e), as property of the Debtors' chapter 11 estates, and, as a result of such jurisdiction, this Court has all necessary power and authority to grant the relief contained herein. This is a core proceeding within the meaning of 28 U.S.C. § 157(b), and as such, this Court has the authority to enter a final order.

C. **Venue.** Venue of these chapter 11 cases and the Motion in this district is proper under 28 U.S.C. §§ 1408 and 1409.

D. **Statutory Predicates.** The statutory and legal predicates for the relief requested in the Motion are sections 105, 363, 365 and 554 of the Bankruptcy Code, and Bankruptcy Rules 2002, 6004, 6006, 6007, 9014, and 9019, Bankruptcy Local Rule 9013-1, and the Complex Case Procedures.

**IT IS HEREBY ORDERED THAT:**

1. The Motion is granted on an interim basis to the extent set forth herein; provided that paragraph 4 of this Order is granted on a final basis.

2. **Approval of Global Settlement.** The Global Settlement is approved pursuant to sections 105(a), 363, 365 and 554 of the Bankruptcy Code and Bankruptcy Rules 2002, 6004, 6006, 6007, 9014, and 9019, and Bankruptcy Local Rule 9013-1. Each of the Parties, as well as their directors, managers, officers, employees, and agents, is authorized and directed (a) to fully perform under the Settlement Term Sheet, annexed hereto as **Exhibit A**, and (b) to execute, deliver, implement and fully perform any and all other obligations, instruments, documents, and papers, and to take any and all actions, in each case under this clause (b), reasonably necessary or

appropriate to consummate the Global Settlement. Upon entry of this Order, the Global Settlement shall become enforceable and binding on the Debtors, the Debtors' estates and MPT, and upon entry of a final order approving the Motion and Global Settlement (the "**Final Order**"), the Global Settlement shall become enforceable and binding on all parties in interest, including, without limitation, the ABL Lenders, the FILO Lenders, MPT, the Creditors' Committee, any subsequently appointed chapter 11 or chapter 7 trustee, and any other estate representative, each in accordance with the terms thereof. For the avoidance of doubt, the Global Settlement authorized herein shall be of full force and effect, regardless of whether the Debtors or any of their affiliates lack good standing in any jurisdiction in which such entity is formed or is authorized to transact business.

3. **Space Coast.** Effective upon the earlier of (i) the Settlement Effective Date and (ii) if the Debtors elect (rather than having MPT sell directly to Orlando Health), and the MPT Settlement Order shall have been entered, become a final order and not been stayed, vacated or modified without consent of MPT, the date on which a sale of the Space Coast Hospitals is expected to closes (such earlier date, the "**Conveyance Date**"), either the real property underlying the Space Coast Hospitals (or, at the Debtors' election, the equity interests of the special purpose entity that owns the real property underlying the Space Coast Hospitals) (the "**Space Coast Real Property**") shall be deemed conveyed to the Debtors. This Order shall be proof of conveyance of the Space Coast Real Property to the Debtors effective immediately as of the Conveyance Date and MPT shall deliver such other documents as may be reasonably necessary in recordable form to record the transfer of title to the Debtors or its designee.

4. **Interim Management Procedures.** The Debtors are hereby authorized to enter into interim management arrangements with Interim Managers on the terms annexed hereto as **Exhibit B** or such other terms acceptable to the Debtors, MPT, and the Interim Manager

(the “**Interim Management Procedures**”). Prior to commencing services at a Specified MLI Hospital, each Interim Manager shall execute an acknowledgment agreeing to be bound by the terms of the Interim Management Procedures by executing the acknowledgement substantially in the form annexed hereto as **Exhibit C**.

5. **No Successor Liability for Interim Managers.** The Interim Managers of the Specified MLI Hospitals are not, and shall not be deemed, successors to the Debtors or their estates by reason of any theory of law or equity, and other than as provided in the Settlement Term Sheet and Interim Management Agreement, the Interim Managers shall not assume or in any way be responsible for any liability or obligation of any of the Debtors and/or their estates arising prior to their designations as Interim Managers.

6. **MLI Hospital Sales.** The following procedures shall apply to the conveyance of the Specified MLI Hospitals to Designated Operators.

- (a) Upon MPT’s determination for a Specified MLI Hospital to be conveyed to a Designated Operator (a “**MLI Hospital Sale**”) and agreement between the Debtors and such Designated Operator on the documentation necessary to effectuate such conveyance, the Debtors shall file with the Court and serve a notice on the Master Service List (a “**MLI Hospital Sale Notice**”) setting forth, among other things, (i) the identity of the Designated Operator, (ii) a copy of the agreement conveying the Specified MLI Hospital to the Designated Operator, and (iii) a proposed form of order approving such conveyance to the Designated Operator (a “**MLI Hospital Sale Order**”).
- (b) Each proposed MLI Hospital Sale Order shall provide, among other things, that (i) the applicable Designated Operator is acquiring the applicable Specified MLI Hospital free and clear of all liens and claims of the ABL Lenders and FILO Lenders, but not liens and claims on account of purchase money security interests and capital leases of equipment and other personal property, (ii) the applicable Designated Operator is purchasing the applicable Specified MLI Hospital in good faith within the meaning of section 363(m) of the Bankruptcy Code, and (iii) the other findings and conclusions of law included in **Annex 1** hereto.
- (c) Parties objecting to a proposed MLI Hospital Sale must file and serve a written objection on the Debtors and each of the other Settlement Parties

(an “**Objection**”) no later than five (5) days from the date the Debtors serve the MLI Hospital Sale Notice (the “**Objection Deadline**”). Each Objection must state with specificity the legal and factual grounds for objection to the proposed MLI Hospital Sale.

- (d) If no Objection is filed and served by the Objection Deadline, the Debtors may submit the proposed MLI Hospital Sale Order to the Court and the Court may enter such order without a hearing.
- (e) If an Objection is timely filed and not withdrawn or resolved (an “**Unresolved Objection**”), the Debtors shall file a notice scheduling an emergency hearing for the Court to consider the Unresolved Objection, subject to the Court’s schedule.

7. **Assumption and Assignment Procedures.** In accordance with the Settlement Term Sheet, a Designated Operator may elect, by written notice to the Debtors, each executory contract and unexpired lease it wishes to be assigned to it (such executory contracts and unexpired leases, the “**Transferred Contracts**”). At the applicable Designated Operator’s expense, the Debtors shall then file with the Bankruptcy Court a notice of assumption and assignment, substantially in the form attached to the Bidding Procedures Order as Exhibit 3 (the “**Cure Notice**”), identifying (i) the Transferred Contracts and (ii) the Debtors’ calculations of the amount necessary to cure any monetary defaults under each Transferred Contract (the “**Cure Costs**”), and shall serve such Cure Notice on each applicable non-Debtor counterparty. Each non-Debtor counterparty will then have seven (7) days from the date the Debtors serve the Cure Notice (the “**Contract Objection Deadline**”) to serve on the Debtors and the Designated Operator a written objection (a “**Contract Objection**”) to the assumption and assignment of a Transferred Contract. Each Contract Objection must state with specificity the legal and factual grounds for the objection. Each non-Debtor counterparty that fails to file a Contract Objection by the Contract Objection Deadline shall be deemed to consent to the assumption and assignment by the Debtors of its Transferred Contract to the Designated Operator, and the Designated Operator, upon

payment by it of the applicable Cure Cost, shall enjoy all the rights and benefits under such Transferred Contract as of the applicable date of assumption and assignment without the necessity of obtaining such non-Debtor party's consent to the assumption or assignment thereof.

8. If a Contract Objection is filed by the Contract Objection Deadline, then the Transferred Contract subject of the Contract Objection shall be deemed a "Disputed Contract." Any Disputed Contract that is the subject of an unresolved Contract Objection may be assumed and assigned prior to the resolution of such Contract Objection, so long as the Designated Operator (i) pays any undisputed Cure Cost and (ii) appropriately reserves funding for the disputed portion of the Cure Cost pending resolution of the dispute.

9. Upon the assignment of the Transferred Contracts to the Designated Operator in accordance with the terms of this Order, the Transferred Contracts shall be deemed valid and binding, in full force and effect in accordance with their terms, subject to the provisions of this Order, and shall be assigned and transferred to the Designated Operator, notwithstanding any provision in the Transferred Contracts prohibiting or otherwise restricting assignment or transfer, and the Debtors, their estates, or any of their affiliates, predecessors, successors, or assigns, shall have no further liability or obligation under the Transferred Contracts.

10. **Binding Effect of Order.** This Order and the Settlement Term Sheet shall be binding in all respects upon the Debtors and their estates, and upon entry of a Final Order, all creditors of, and holders of equity interests in, the Debtors, including, without limitation, any chapter 11 trustee hereinafter appointed for the Debtors' estates or any trustee appointed in a chapter 7 case of any of the Debtors if any of these chapter 11 cases is converted from a case under chapter 11 to a case under chapter 7, and all successors and assigns to any of the foregoing, notwithstanding the dismissal of any of the Debtors' cases or any subsequent appointment of any

trustees, examiners, “responsible persons,” or other fiduciaries in these chapter 11 cases or upon a conversion to a case under chapter 7 of the Bankruptcy Code, and the Settlement Term Sheet shall not be subject to rejection or avoidance under any circumstances. If any order under section 1112 of the Bankruptcy Code is entered, such order shall provide, or be deemed to provide (in accordance with sections 105 and 349 of the Bankruptcy Code) that this Order, including the rights granted to MPT and the Designated Operators hereunder, shall remain effective and, notwithstanding such dismissal, shall remain binding on parties in interest. To the extent of any conflict between this Order and the Settlement Term Sheet, the terms of this Order shall control.

11. **Operations Funding; Receivables.** Any amounts funded or otherwise advanced to the Debtors by any Designated Operator pursuant to the Settlement Term Sheet shall be deemed to be held in a segregated account by the Debtors, shall be used by the Debtors solely to pay the expenses for which such funds have been advanced or otherwise delivered and shall not be subject to any other Liens, Claims, Encumbrances and Interests.

12. **Releases.** Each of the releases set forth in the Settlement Term Sheet (the “**Releases**”) is integral to the Global Settlement, is critical to the implementation of the Global Settlement, is supported by fair and reasonable consideration, is in the best interests of the Debtors and the Debtors’ estates, and accordingly, is hereby approved and shall be binding on the parties in all respects upon the occurrence of the Settlement Effective Date in accordance with the terms set forth in the Settlement Term Sheet.

13. **Release by MPT Releasing Parties.** On the Settlement Effective Date, for good and valuable consideration, the adequacy of which is hereby confirmed, each of the MPT Releasing Parties agrees that (i) all amounts and other obligations under the MPT DIP Facility and the MPT Facility owing by the Debtors to the MPT Releasing Parties (including, for the avoidance

of doubt, all Obligations (as defined in the MPT DIP Credit Agreement)), are hereby discharged and cancelled in full, (ii) all amounts and other obligations owing by SHC Holdings under the Investor Note are hereby discharged and cancelled in full, (iii)(x) the MPT DIP Credit Agreement and the other Loan Documents (as defined in the MPT DIP Credit Agreement) and (y) the MPT Note and the other Obligations Documents (as defined in the MPT Note) and Security Documents (as defined in the MPT Note), to the extent related to the MPT Note, are, in each case, hereby terminated and of no further force and effect, (iv) Sections 7 and 8 of the Investor Note are hereby terminated and of no further force and effect, (v) all security interests, liens and pledges granted (x) in respect of the MPT DIP Facility and the MPT Facility by the Debtors and (y) by Steward Health Care Investors LLC on the equity interests of SHC Holdings in respect of the Investor Note are hereby released and discharged and (vi) all guarantees (x) by the Debtors in respect of the MPT DIP Facility and the MPT Facility and (y) by SHC Holdings in respect of the Investor Note are hereby released and discharged; provided that, except as expressly set forth herein, the obligations of non-Debtor affiliates of the Debtors under the Investor Note are unchanged. The MPT Releasing Parties hereby authorize the Debtors and/or their designees to file and/or deliver, on behalf of the MPT Releasing Parties, all UCC-3 termination statements, intellectual property terminations, and any other terminations, certificates or other documents as may be necessary or desirable to evidence or effectuate the foregoing discharges, releases and terminations. Each of the MPT Releasing Parties further agrees to execute and deliver, all other instruments, documents and agreements (including returning any physical collateral) and to take or forbear from taking, as the case may be, any actions that are required or reasonably requested by the Debtors to evidence the foregoing discharges, releases and terminations, in each case, promptly following the request by any Debtor therefor. For the avoidance of doubt, if any Debtor that is a guarantor of any obligation

to MPT of another Debtor (a “**Guarantor**”) makes or is deemed to make a payment or other transfer in full or partial satisfaction of such obligation by reason of this order or the Settlement Term Sheet, such Guarantor will retain a claim against such Debtor as a result of such payment or other transfer, and nothing herein or in the Settlement Term Sheet will be deemed to release such claim of such Guarantor against such Debtor.

14. **Withdrawal of MPT Claims.** Upon the Settlement Effective Date, any and all MPT Claims shall be deemed to be released and withdrawn with prejudice.

15. **Termination of Master Lease I.** Upon the entry of this Order, Master Lease I shall be deemed to be terminated and with no further force or effect, without liability in respect thereof to any party; provided that the Debtors shall be entitled to access and use the Specified MLI Hospitals, Sharon Hospital, the Behavioral Facility, and the Closed Hospitals in a manner consistent with the terms of the Global Settlement.

16. **Tolling of Challenge Period.** To the extent the Settlement Effective Date does not occur, nothing herein or in the Settlement Term Sheet shall be deemed a waiver of any Claims or Causes of Action on behalf of the Debtors’ estates. The Creditors’ Committee’s period to institute a “Challenge” (as defined in the MPT DIP Order) shall be deemed tolled pending the occurrence of the Settlement Effective Date, and, to the extent the Settlement Parties determine the Settlement Effective Date will not occur, the Creditors’ Committee or, to the extent applicable, its successor, shall have not less than 30 days from the date of such determination to initiate a Challenge.

17. **Objections Overruled.** Any objections to the Motion or the relief requested therein that have not been withdrawn, waived, or settled are hereby overruled on the merits and denied with prejudice. All persons and entities given notice of the Motion that failed

to timely object thereto are deemed to consent to the relief sought therein, including, without limitation, the Releases.

18. **Failure to Specify Provisions.** The failure to specifically reference any particular provisions of the Settlement Term Sheet or other related documents in this Order shall not diminish or impair the effectiveness of such provisions, it being the intent of the Court that the Settlement Term Sheet and other related documents be authorized and approved in their entirety.

19. Notice of the Motion is adequate under Bankruptcy Rule 6004(a).

20. Notwithstanding the provisions of Bankruptcy Rule 6004(h), this Order shall be immediately effective and enforceable upon its entry.

21. The Debtors are authorized to take all actions necessary or appropriate to carry out the relief granted in this Order.

22. This Court shall retain jurisdiction to hear and determine all matters arising from or related to the implementation, interpretation, or enforcement of this Order and the Settlement Term Sheet.

<b><u>SETTLEMENT TERM SHEET</u></b>	
<b>Specified MLI Hospital Transition</b>	<p>No later than the Funding Commencement Date, MPT shall designate (in its sole discretion) an operator (each a “<b>Designated Operator</b>”) for each MLI Hospital (other than the Space Coast Hospitals, the Behavioral Facility, the Closed Hospitals and the Deferred Hospitals) (collectively, the “<b>Specified MLI Hospitals</b>”; the Specified MLI Hospitals are set forth on <b><u>Annex 2</u></b> attached hereto), each of which Designated Operators shall agree by the Funding Commencement Date to adhere to the interim management procedures to be attached as an exhibit to the MPT Settlement Order (the “<b>Interim Management Procedures</b>”). The Debtors shall seek and obtain authority, in accordance with the MPT Settlement Order, to convey or otherwise transfer their interests in each of the Specified MLI Hospitals (including any inventory, FF&amp;E or other personal property and licenses located therein or related thereto, but excluding (x) any Debtor Retained Receivables (which shall be retained by the Debtors) and (y) any fee, leasehold or other possessory interest in the real property in such Specified MLI Hospitals or in any improvements thereon or fixtures located thereon or therein (which shall be terminated as set forth herein)) to the applicable Designated Operator, without successor liability and free and clear of all liens, claims, interests and encumbrances (other than purchase money security interests and capital leases, in each case of equipment and other personal property), on an “as is, where is” basis, as promptly as practicable, and subject to entry by the applicable Designated Operator into documentation reasonably acceptable to the Debtors and the applicable Designated Operator and obtaining any required regulatory approvals as may be necessary to give effect to the foregoing (the “<b>MLI Hospital Transition</b>”). In connection with the MLI Hospital Transition with any Specified MLI Hospital, the applicable Designated Operator shall assume the Accrued PTO with respect to such Specified MLI Hospital.</p> <p>The Debtors and MPT shall cooperate with one another in conveying or transferring each Specified MLI Hospitals to the applicable Designated Operator as promptly as practicable following satisfaction of the conditions to the MLI Hospital Transition for such Specified MLI Hospital. Each of MPT and the Debtors shall use commercially reasonable efforts to complete the MLI Hospital Transition (including any regulatory approval) with respect to each Specified MLI Hospital by October 1, 2024 (the “<b>Target Transition Date</b>”).</p> <p>MPT shall notify the Debtors on or prior to October 20, 2024, if MPT expects that the Specified MLI Transition will not occur with respect to any Specified MLI Hospital(s) on or prior to October 30, 2024 (such notice, a “<b>Non-Transition Notice</b>”). If MPT delivers a Non-Transition Notice, MPT and the Debtors shall promptly consult with each other in order to determine the appropriate course of action with respect to the applicable Specified MLI Hospital(s). Unless the Debtors and MPT agree otherwise, if the MLI Hospital Transition Closing Date with respect to any Specified MLI Hospital shall not have occurred on or prior to October 30, 2024, the Debtors shall promptly convey or abandon their interests in such Specified MLI Hospital to MPT on an “as-is, where is” basis after removing any hazardous materials, medical records and medical equipment (with the reasonable costs of such removal borne by MPT) and MPT shall assume, to the extent not otherwise paid, the Accrued PTO and other closing costs (including WARN liabilities) with respect to such Specified MLI Hospital.</p>

**SETTLEMENT TERM SHEET**

From and after the Funding Commencement Date and prior to the applicable MLI Hospital Transition Closing Date, the Debtors and the Designated Operators shall adhere to the Interim Management Procedures.

The Debtors, MPT and the Designated Operators shall each be responsible for paying their own costs and expenses (the “**Transition Costs**”) associated with negotiating, agreeing to or implementing the MLI Hospital Transition; provided, however, that: (a) if a contract is to be assumed and assigned to a Designated Operator, such Designated Operator shall be required pay any applicable cure costs and other expenses incurred by the Debtors to effectuate such assumption and assignment (as set forth below); (b) if, after the date on which the MPT Settlement Order is entered, a Designated Operator (or MPT on behalf of such Designated Operator) requests that the Debtors take specific actions in connection with seeking relief from the Bankruptcy Court to effectuate the conveyance or transfer of the Specified MLI Hospitals or related contracts/operating assets to such Designated Operator, such Designated Operator shall reimburse the Debtors for the reasonable and documented out-of-pocket expenses of counsel incurred by the Debtor in connection with such actions (it being understood that neither MPT nor any Designated Operator shall have any obligation to reimburse the Debtors for (A) any expenses incurred by the Debtors in connection with the negotiation of, entrance into or approval of the MPT Settlement or (B) any expenses incurred by the Debtors on or prior to the date on which the MPT Settlement Order is entered); and (c) if MPT requests that the Debtors convey or transfer assets associated with acute care hospitals in Arizona to a Designated Operator, MPT (or the Designated Operator for such hospital) shall pay Professional Fee Claims of Cain Brothers in connection with such conveyance or transfer in an amount not to exceed \$1 million per hospital (it being understood that neither MPT nor any Designated Operator shall have any obligation to reimburse the Debtors for any Professional Fee Claims of any investment banker or other financial advisor except as expressly set forth in this clause (c)).

The Debtors (in consultation with the Creditors’ Committee and the FILO Secured Parties) and MPT shall (and MPT shall cause its applicable Designated Operator to) cooperate in good faith to negotiate and enter into any necessary agreements, obtain any necessary consents or approvals, execute all necessary documents or instruments (e.g., bills of sale) and prepare and file such regulatory filings (e.g., CMS CHOW) as are necessary to give effect to the Specified MLI Hospital Transition with respect to each Specified MLI Hospital promptly after the date hereof. Subject to the provisions herein governing Transition Costs, at all times from and after the identification of any Designated Operator, each of MPT and such Designated Operator may request that the Debtors seek relief from the Bankruptcy Court to effectuate the conveyance or transfer of the applicable Specified MLI Hospital or related contracts/operating assets to such Designated Operator and the Debtors shall use commercially reasonable efforts to obtain such relief.

MPT shall be entitled to lease property that is subject to the EPDA to Designated Operators to the extent such property is integral to the applicable Specified MLI Hospitals; provided such Designated Operators shall not prevent, condition, or hinder any sale of such property.

<b><u>SETTLEMENT TERM SHEET</u></b>	
	All parties will comply with all federal and state healthcare regulations and obligations with respect to the transactions contemplated by the MPT Settlement.
<b>Operations Funding</b>	<p>Effective as of September 11, 2024 at 12:01 a.m. (ET) (the “<b>Funding Commencement Time</b>”, and such date, the “<b>Funding Commencement Date</b>”), following entry of the MPT Settlement Order with the terms set forth herein, the applicable Designated Operator shall assume, in accordance with the terms of this item entitled “Operations Funding” (i) full responsibility for paying all go-forward hospital-level operating disbursements and expenses of the Specified MLI Hospitals incurred after the Funding Commencement Time, (ii) accrued and unpaid paid time off obligations of employees of the Specified MLI Hospitals (not to exceed, with respect to any Specified MLI Hospital, the amount listed with respect to such Specified MLI Hospital on <b>Annex 3</b> hereto) (the “<b>Accrued PTO</b>”) and (iii) accrued and unpaid regular bi-weekly hospital-level payroll liabilities of employees of the Specified MLI Hospitals (including, without limitation, SMG physicians for the Specified MLI Hospitals) that are not past due as of the Funding Commencement Time, regardless of whether such payroll liabilities arose prior to or after the Funding Commencement Time (the “<b>Accrued Payroll</b>”). Notwithstanding anything to the contrary set forth herein, nothing herein shall commit MPT or any Designated Operator to assume any obligation to pay for any historical employee liabilities other than the Accrued Payroll and the Accrued PTO, including any other employment obligations that were accrued historically (e.g., quarterly 401(k) contributions, medical insurance claims, severance, etc.), even if not past due.</p> <p>On the Funding Commencement Date, MPT and/or the Designated Operators shall fund into an escrow account (the “<b>Payroll Escrow Account</b>”) the amount of the regular bi-weekly hospital-level payroll of employees of the Specified MLI Hospitals (including, without limitation, SMG physicians for the Specified MLI Hospitals) that is either (a) due and payable on September 13, 2024 and not past due on the Funding Commencement Date or (b) otherwise due and unpaid and not past due on the Funding Commencement Date. The total amount is estimated to be approximately \$27.1 million. The applicable Designated Operator shall continue to fund into the Payroll Escrow Account or directly to the payroll processing company (to the extent not already funded thereto pursuant to the preceding sentence) the regular bi-weekly hospital-level payroll of employees of each Specified MLI Hospital to be paid through the Debtors’ payroll systems as such payroll becomes due and payable (at least three days in advance of any payment of such payroll to such employees) until all go-forward employees of such Specified MLI Hospital are switched over to such Designated Operator’s payroll systems. Amounts in the Payroll Escrow Account shall be applied solely to pay the regular bi-weekly hospital-level payroll of employees of each Specified MLI Hospital to be paid through the Debtors’ payroll systems as such payroll becomes due and payable (including the Accrued Payroll).</p> <p>On the Funding Commencement Date, MPT shall deposit into a separate escrow account (the “<b>Expense Escrow Account</b>”) a one-time payment of \$5 million. Within one (1) business day of the date on which, with respect to each Specified MLI Hospital, (i) either (A) the Debtors and the applicable Designated Operator have entered into a Transition Services Agreement or (B) all corporate-level services provided by the Debtors with respect to such Specified MLI Hospital have been terminated and (ii) all Operator Expenses incurred by the Debtors (as opposed to such Designated Operator) with respect to such Specified MLI Hospital pursuant to the interim arrangement described in the</p>

**SETTLEMENT TERM SHEET**

immediately following paragraph have been paid, the escrow agent shall return any and all funds remaining in the Expense Escrow Account to MPT.

For any go-forward non-payroll hospital-level expenses of the Specified MLI Hospitals incurred by the Debtors after the Funding Commencement Date that are either (x) normal and ordinary course for operating a hospital or (y) directed or approved by the applicable Designated Operator or the hospital-level employees at the applicable Specified MLI Hospital (the expenses described in clauses (x) and (y), “**Operator Expenses**”), the applicable Designated Operator shall wire the appropriate amounts either (1) into the Expense Escrow Account within one business day of payment of any such expense by the Debtors to the applicable vendor or (2) to the applicable vendor directly to cover the cost of the expense in accordance with such vendor’s ordinary course payment terms. The Debtors’ centralized ordering of ordinary course hospital-level services and inventory with respect to each Specified MLI Hospital shall continue until terminated by the applicable Designated Operator (by delivery, at any time, of not less than 7 days’ advance notice thereof to the Debtors) with respect to such Specified MLI Hospital. The scope and expense of any such service or inventory ordering may not be increased with respect to any Specified MLI Hospital without consent of the applicable Designated Operator. No Designated Operator may be charged for expenses attributable to any Specified MLI Hospital other than the Specified MLI Hospital operated by such Designated Operator. For the avoidance of doubt, any expense that in amount or nature is outside the ordinary course of business with respect to the applicable Specified MLI Hospital shall not constitute an Operator Expense, and shall not be assumed by the applicable Designated Operator, absent consent of the applicable Designated Operator. The Debtors shall cooperate with each Designated Operator to facilitate direct payment of the above-described expenses to the applicable vendors by such Designated Operators. Prior to return to MPT as set forth above, amounts in the Expense Escrow Account shall be applied solely to pay Operator Expenses as they become due and payable. ## INTERIM MANAGEMENT PROCEDURES

THIS ANNEX (this “Annex”) sets forth the terms pursuant to which Steward Health Care System, LLC, a Delaware limited liability company (“Steward Health”) and \_\_\_\_\_, a \_\_\_\_\_ (the “Operator” and together with Steward Health, “Steward”) and \_\_\_\_\_, a \_\_\_\_\_ (“Manager”) shall facilitate a transition of certain management services from the Operator to Manager. Steward Health, Operator, and Manager may be referred to herein individually as a “Party,” and collectively as the “Parties.” Any capitalized term appearing herein which is not defined shall have the same definition as ascribed in Schedule I hereto.

**A.** WHEREAS, on May 6, 2024, Steward Health Care System and its debtor affiliates filed voluntary petitions for relief (the “Chapter 11 Cases”) under chapter 11 of title 11 of the United States Code (the “Bankruptcy Code”) in the United States Bankruptcy Court for the Southern District of Texas, Houston Division (the “Bankruptcy Court”);

**B.** WHEREAS, Steward Health is operating its businesses and managing its properties as debtors in possession pursuant to sections 1107(a) and 1108 of the Bankruptcy Code;

**C.** WHEREAS, Steward Health and Operator, as a Debtor in the Chapter 11 Cases, have continued in the possession of their assets and in the management and operations of the facilities (each, a “Facility” and together the “Facilities”) at such other locations where the Facility services are provided (collectively, the “Facility Premises”) pursuant to Sections 1107 and 1108 of the Bankruptcy Code;

**D.** WHEREAS, on September [11], 2024, the Bankruptcy Court entered an order approving a global settlement in connection with the Chapter 11 Cases (the “Settlement Order”);

**E.** WHEREAS, pursuant to the Settlement Order, [MPT] has designated Manager to replace Operator as the operator of the Facilities, effective as of [\_\_\_\_], 2024 (the “Transition Date”);

**F.** WHEREAS, in connection with the terms of this Annex, Manager shall make certain required filings and take any and all steps to obtain certain Approvals from Governmental Authorities regarding the operation of the Facilities following the Closing (the “Closing Date”);

**G.** WHEREAS, until the Closing Date (in which case Manager shall have obtained certain material Approvals from Governmental Authorities), Manager desires to provide certain management services, billing and collections services, and administration support, on behalf of Operator, and Operator desires to avail itself of such interim services, upon the terms and conditions set forth in this Annex; and

**H.** WHEREAS, Manager has the qualifications and expertise necessary to provide those interim services described in this Annex.

## TERMS OF ANNEX

1. Term; Termination. The term of this Annex (such time period, the “Interim Management Period”) shall commence as of the Transition Date and shall continue until the earlier of the consummation of the transactions contemplated by a definitive agreement between Operator and Manager (the “Definitive Agreement”), for the sale of substantially all of Operator’s assets in connection with the Facilities (a “Sale”) or automatically upon the entry of an order by the Bankruptcy Court terminating this Annex.

2. Acknowledgements and Covenants.

2.1. The Parties acknowledge that, during the Interim Management Period, Operator shall continue to hold all licenses, certificates and accreditations of the Facilities, and in that capacity, and during such period, shall retain ultimate statutory and regulatory control, authority and responsibility for the Facilities and shall retain ultimate oversight of Manager. Notwithstanding anything to the contrary in this Annex, during the Interim Management Period, Steward shall provide the shared corporate services to the Facilities that Steward provided to the Facilities immediately prior to the Transition Date, except as set forth in the Settlement Term Sheet or as may be mutually agreed by Steward and Manager after the Transition Date. From and after the closing of a Sale pursuant to the terms set forth in the Definitive Agreement (“Closing”), certain of such shared corporate services would be provided by Steward and/or Operator to Manager pursuant to the terms of a mutually agreed transition services agreement (the “TSA”).

2.2. During the Interim Management Period, Operator will (a) assign an individual to oversee the operation of the Facilities and serve as the “Responsible Officer” of Operator, as required by CMS and applicable state laws and regulations, and (b) maintain proper oversight of the operation of the Facilities by a board of directors or committee thereof, including the Transformation Committee of Steward (collectively, the “Board”). Operational decisions will remain subject to approval by the Board, including but not limited to maintaining quality patient care, establishing policies for the facility, and maintaining legal responsibility for the conduct of the Facility. The Manager will report to the Responsible Officer and to the applicable governing body of each Facility on a monthly basis.

2.3. As promptly as practicable after the Transition Date, Manager, at its sole cost and expense, shall (and shall cause its Affiliates to) take any and all steps to make all required filings and promptly obtain all material Approvals, Permits and Orders necessary for Manager’s ownership and operation of the Business on and after the Closing.

3. Appointment of Manager.

3.1. In accordance with and to the extent permitted under applicable federal, state and local laws (including, but not limited to Facility’s licensure laws and privacy and confidentiality laws) and all applicable federal health care program laws, regulations and guidance, including, but not limited to, those pertaining to Medicare and Medicaid (“Applicable Law”), during the Interim Management Period, Operator hereby appoints Manager as the sole and exclusive provider of the Services (defined below) and hereby grants to Manager the exclusive right to manage the Facilities and Facility Premises, including each Facility’s pharmacy on behalf of Operator, under those applicable licenses and permits of operator (“Operator Permits”) as a licensed healthcare facility, including without limitation, the right to undertake those certain

management responsibilities and permitted activities described in Section 4 below. Manager hereby accepts such appointment for all purposes with respect to Operator's rights, duties, and responsibilities under the Operator Permits for each Facility, to the fullest extent permitted by Applicable Law, and agrees, to the fullest extent permitted by Applicable Law, to provide management services, billing and collections services, and administrative support to the Facilities and Facility Premises on behalf of Operator as further outlined in Section 4 below (the "Services").

**3.2.** Upon the end of the Interim Management Period, Manager's Services provided to the Facilities under the Operator Permits shall terminate and, thereafter, so long as the Closing has then occurred, Manager (and/or its or their designee and/or Affiliate) will be operating the Facilities as permitted by the Approvals.

(a) During the Interim Management Period, to the extent allowable by Applicable Law, Manager shall submit, on Operator's behalf, claims for services rendered by the Facilities to various governmental and non-governmental entities, patients, and other third parties pursuant to Operator's Payor Agreements (defined below) and the Medicare, Medicaid, and other similar provider numbers of the Facilities (collectively, "Operator's Billing Credentials"). The Parties acknowledge and agree that as all billing and collecting shall be under Operator's Billing Credentials, payments shall be made in Operator's name and deposited in Operator's bank accounts, and during the Interim Management Period, Operator's bank accounts and lockboxes shall remain under Operator's name. In addition to the other payments contemplated by this Annex, (i) if Steward or its Affiliates receives any amount from patients, Government Programs or Private Programs which relates to services rendered by the Facilities after the Transition Date, Steward or its Affiliate will remit such amount to Manager within ten (10) Business Days after receiving such amount; and (ii) if Manager receives any amount from patients, Government Programs or Private Programs which relates to services rendered by the Facilities prior to the Transition Date, Manager will remit such amount to Steward within ten (10) Business Days of receiving such amount. With respect to any patient that is admitted prior to the Transition Date and discharged after the Transition Date, Manager and Operator shall work cooperatively to reconcile when services were rendered in a fashion consistent with customary market practice.

**3.3.** Notwithstanding anything to the contrary in this Annex, the Parties acknowledge and agree that Manager's ability to bill and collect under Operator's Billing Credentials for services rendered by the Facilities during the Interim Management Period that are payable by Medicare shall continue after the expiration or earlier termination of this Annex, so long as the Closing has then occurred, until such time as the processing of the transfer of Operator's Medicare provider agreements to Manager has been completed, as evidenced by the issuance of the provider "tie-in notice" in the name of Manager (the "Tie-In Notice"). Manager shall indemnify and hold Operator harmless for any and all costs or Liabilities incurred by Operator as a result of Manager's use of Operator's Billing Credentials or any breach of the terms and conditions of Operator's Billing Credentials during the period of such use by Manager. Each Party shall have the right to audit by an independent and competent auditor, at the requesting Party's sole expense, the bank records and remittance advices of the other Party with respect to claims submitted and payments made in connection with this Section 3.3. Thereafter, upon the findings of such auditor that there has either been an overpayment or underpayment of funds due, the Party owing funds shall, within five (5) Business Days, make payment of such funds to the Party to whom they are owed (it being understood, that for this purpose, claims for services rendered by

the Facilities during the Interim Management Period shall be for the benefit and burden of Manager, and claims for services rendered by the Facilities prior to the Interim Management Period shall be for the benefit and burden of Operator).

**4. Management Responsibility.**

**4.1.** During the Interim Management Period, Manager shall, subject to all applicable legal and regulatory requirements and Operator's ultimate oversight and control, have responsibility for the management of the Facilities, and agree to assume and discharge all of Manager's responsibilities, duties, Liabilities, payments, and obligations in connection with properly maintaining the Facilities in full compliance with all regulations and standards required of a licensed healthcare facility so licensed. In furtherance thereof, Manager's Services shall include, but not be limited to, the following duties:

(a) Managing the operations of the Facilities as licensed healthcare facilities in compliance with all Applicable Law, Medicare and Medicaid provider agreements, Payor Agreements, [State] requirements for maintenance of the Operator Permits in good standing, Medicare conditions of participation and requirements for payment with respect to Government Programs, and the requirements for maintenance of the Facilities' accreditations;

(b) Managing the Facilities' employees and other non-clinical and clinical personnel (i) deemed necessary by Operator for the operation of the Facility as a licensed healthcare facility, or (ii) required by law so as to meet all applicable labor laws and regulations, and consistent with Operator's obligations as a debtor-in-possession and Orders of the Bankruptcy Court;

(c) Licensing to Operator possession of the Facility Premises for the sole purpose of Operator operating each of the Facilities as a licensed healthcare facility; provided, that the underlying leasehold interest in the Facility Premises will remain at all times with Manager, and nothing herein is intended to or should be construed to confer upon Operator any ownership, leasehold or other interest in the Facility Premises;

(d) Maintaining and repairing, as needed, the Facility Premises so as to ensure material compliance with all Applicable Law;

(e) Providing security services reasonably necessary to prevent unlawful entry or Damage (as defined below) to the Facility Premises;

(f) Providing all necessary bookkeeping, accounting and recordkeeping procedures and controls for the operation of the Facilities, which shall be maintained on an accrual basis in accordance with generally accepted accounting principles consistently applied.

(g) Affording the Responsible Officer or his or her designee access, during normal business hours, to the Facility Premises, the books and records at the Facility Premises or in Manager's possession, the Facility employees and any other personnel of Manager or otherwise who are providing services associated with the operation of the Facilities, and such other access and assistance as reasonably requested by the Responsible Officer;

(h) Providing access, during normal business hours, to the Facilities, the Facility Premises, the Facilities' books and records, electronic health records, financial information systems, operating systems, laboratory systems, the Facilities' employees and any other personnel of Manager or otherwise who are providing services associated with the operation of the Facilities, to Operator, Operator's directors, officers and representatives, and Operator's successors in interest, including, but not limited to, any plan administrator, debtor representative, liquidating trustee, oversight or advisory committee, or similar representatives appointed or approved by the Bankruptcy Court for the purpose of administering Operator's affairs, pursuing litigation and adversary proceedings, *provided, however*, that such access does not unreasonably disrupt the Facilities' operations;

(i) Maintaining all licenses, permits, consents, approvals, accreditations, and certifications currently held by Operator or required by Applicable Law in good standing, in active status, and in compliance with all Applicable Law, including the timely payment of all applicable fees to support or renew these approvals;

(j) Obtaining and maintaining all insurance coverages for the Facilities that a prudent hospital operator or owner would maintain, including directors and officers insurance with no less coverage than that which was maintained for directors and officers immediately prior to the Transition Date;

(k) Opening and forwarding all mail relating to the financial or business affairs of Operator to the notice address below;

(l) Periodically reporting to Operator (or its designee) upon request of Operator, either in person or telephonically, the condition of the Facilities and the Facility Premises;

(m) Subject to Section 4.1(b), providing all other staffing and employment necessary and sufficient for the operation of the Facilities, including (i) coordinating with the Board and the organized medical staff of each of the Facilities (each as established by Operator) on the appropriateness and quality of medical care and all medical staff issues requiring Board oversight, (ii) overseeing staffing and employment, including the hiring and firing, of all of the Facilities' employees, (iii) establishing staffing schedules, wage structures and personnel policies for all employees and the administration of the same, and (iv) maintain, at Manager's sole expense, workers' compensation insurance for all employees of Manager engaged on or with respect to the Facilities, including the retention or employment of such employees, consultants or agents as may be necessary to satisfy its obligations under this Annex;

(n) As further outlined in Section 3.3 above, and subject to the last sentence of Section 3.2(a), and further subject to the terms of Section 5.6(d) of the Definitive Agreement, undertaking, managing, and administering: (i) the timely payment of all Facilities' expenses and accounts payable incurred on or after the commencement of the Interim Management Period; (ii) the timely billing of fees for all services, goods and other items provided at the Facility Premises on or after the commencement of the Interim Management Period; and (iii) the collection of accounts receivable pertaining to services and items provided after the commencement of the Interim Management Period. In connection therewith, Manager shall take such actions on behalf

of Operator and under Operator's provider numbers, including, without limitation, Operator's provider numbers issued by Medicare, Medicaid, or their fiscal intermediaries or paying agents;

(o) As further outlined in Section 3.3 above, and subject to the last sentence of Section 3.2(a), and further subject to Section 5.6(d) of the Definitive Agreement, collecting all revenues, remittances, reimbursements, contributions and other amounts received by Operator, including, but not limited to, cash, accounts, notes, or other accounts receivable, disproportionate share payments, quality assurance fee payments, whether payable by Medicare, Medicaid, or any other commercial or governmental payor, or any health maintenance organization or any other managed care program or any private pay patients (collectively, the "Facility Revenues");

(p) Maintaining in good repair the Facilities and all furniture, furnishings, equipment, improvements and other property located therein which need repair or replacement in the ordinary course of operations of the Facilities, in order to maintain standards of operation at least equivalent to those prevailing prior to the Transition Date. All expenditures by Manager under this Annex shall be for its own account and not for the account of Operator and such sum shall not be subject to repayment by Operator; and

(q) Performing such other duties and activities as are reasonably necessary for Manager to fulfill its responsibilities under this Annex.

**4.2. Permitted Manager Activities.** During the Interim Management Period, Manager may do any of the following, in consultation with Operator and subject to the requirements of applicable local, state, and federal law, and further subject to any requisite consent of Operator's creditors, which activities may be performed by Manager at Manager's sole cost and expense:

(a) Make alterations, improvements, and repairs to the interior or exterior of the Facility Premises, including structural alterations, improvements, and repairs;

(b) Remove and dispose of furniture, fixtures, equipment (other than equipment owned by equipment lessors), and supplies at the Facility Premises;

(c) Move into and install furniture, fixtures, equipment, and supplies at the Facility Premises;

(d) If applicable, prepare the Facility for a name change resulting from the Closing, except that no such name change may take effect, and no signage reflecting such change shall be installed, until after the Closing; and

(e) Perform, or permit to be performed, any other activities at the Facility Premises that are not inconsistent with operating the Facilities under Applicable Law or the Operator Permits.

**4.3. Prohibited Manager Activities.**

(a) Notwithstanding anything to the contrary in this Annex, Manager shall have no authority to take and shall not, without the Operator's prior written consent, take any action with respect to any excluded assets or excluded liabilities of Operator or its Affiliates under the Definitive Agreement.

(b) Manager's authority to manage and operate the Facilities is limited to those actions that Manager is expressly required or permitted to do hereunder.

(c) Except as contemplated by any transition plan agreed to by the Parties or otherwise agreed to by Operator, Manager shall not take any actions or follow any course of conduct that will or may cause any Facility to lose its Medicare or Medicaid certification(s), its license(s) or its provider number(s) under the terms of Applicable Law.

(d) Manager shall not commit any act or omission that would or could cause the termination of any of the provider agreements with Medicare or Payor Agreements related to any Facility.

**4.4. Operator's Ultimate Control.** Notwithstanding anything to the contrary in this Section 4 or in this Annex more generally, Operator, as holder of the Operator Permits, shall remain ultimately responsible for the operation of the Facilities, and may, at any time and from time-to-time during the Interim Management Period, take any action necessary or appropriate to ensure Operator's compliance with Applicable Law, even if such action requires Operator to intervene in Manager's performance of Manager's duties or permitted activities pursuant to this Section 4.

**5. Continued Responsibility of Operator.**

**5.1.** During the Interim Management Period, Operator shall maintain, and shall not take or voluntarily permit any actions which may adversely affect, Operator's corporate existence and its full rights as the licensee under the Operator Permits. In addition, during the Interim Management Period, Operator and its officers shall reasonably cooperate with Manager in Manager's provision of the Services consistent with this Annex.

**5.2.** Notwithstanding the statutory and regulatory authority and responsibility of Operator for the continued management of the Facilities during the Interim Management Period, the Parties recognize and acknowledge that under this Annex, Manager shall, subject to the ultimate oversight by and approval of Operator, be responsible for the day-to-day operation and maintenance of the Facilities as licensed healthcare facilities. In the event that any violation or alleged violation of or non-compliance with any statute or regulation applicable to the operation or maintenance of the Facilities as licensed healthcare facilities certified by the Medicare and Medicaid programs occurs during the Interim Management Period, then without regard to legal or statutory fault on the part of Manager or of Operator, Manager shall immediately notify Operator of such violation or alleged violation or non-compliance and take reasonable efforts to avoid or minimize any related adverse consequences. Manager shall be responsible for the costs of any penalty, fine or remediation identified during the Interim Management Period arising out of or relating to any act, omission, event or occurrence connected with the operation of the Facilities

during the Interim Management Period, including, without limitation, the cost of engaging third party consultants or experts to help address or resolve the violation, alleged violation or non-compliance, and shall indemnify and hold Operator harmless for the same in accordance with Section 9. Operator retains the right to join Manager in contesting said violations upon providing Manager with notice of its intent to do so.

**5.3.** Operator agrees to execute and deliver to Manager such documents as they may reasonably request to maintain the hospital license active and in good standing with the state in which the Facilities are located and the other licenses necessary or appropriate to maintain the Facilities as licensed healthcare facilities (except as contemplated by any transition plan agreed to by the Parties).

**6. Government Program Participation.**

**6.1.** Manager represents and warrants to Operator that Manager and its Affiliates have not in the past conducted business in such a manner as to cause Manager or its Affiliates to be suspended, excluded or debarred under the Medicare or Medicaid programs, or by any governmental entity, nor has Manager or its Affiliates ever been charged with or convicted of a criminal offense related to health care, or listed by a federal agency as debarred, excluded or otherwise ineligible for federal health care program participation.

**6.2.** Operator represents and warrants to Manager that Operator has not in the past been listed by a federal agency as debarred, excluded or otherwise ineligible for federal health care program participation.

**7. Covenants of Operator.** Operator hereby covenants, warrants and agrees as follows:

**7.1.** Operator agrees that Manager, during the Interim Management Period, will serve as Operator's agent with regard to billing and collecting under Operator's provider agreements with Medicare, Medicaid or any other third party payer programs (the "Payor Agreements") entered into in connection with the Facilities. Claims shall be submitted in Operator's name, and Manager may open mail addressed to Operator, endorse remittances and deposit them directly into Operator's account, as set forth herein.

**7.2.** During the Interim Management Period, Operator shall use its best efforts to not take any action to voluntarily surrender or terminate any material Operator Permit or Payor Agreement.

**8. Governmental Access to Records.** Manager agrees that during the Interim Management Period, and for at least five (5) years after the end of the Interim Management Period, Manager shall, upon written request, make available to Operator, the Secretary of the United States Department of Health and Human Services, the Comptroller General of the United States, or their respective duly-authorized representatives, all material documents related to the Services, including such books, documents, and records as may be necessary to certify the nature and extent of the cost of the Services.

**9. Exculpation; Indemnification; Insurance.**

**9.1.** Except as provided in Section 9.2, Manager will bear the risk of all Damage, loss, cost and expense associated in any way with the operations of the Facility Premises during the Interim Management Period.

**9.2.** Operator and its bankruptcy estates, Affiliates, members, officers, directors, employees, attorneys, accountants, consultants, agents, representatives, successors, and assigns, including the Responsible Officer (collectively “Operator Indemnified Parties”) shall have no Liability in contract, tort, or otherwise unless and until there is a finding (as determined in accordance with Section 12.6 below) in a final, non-appealable judgment that any Damages (as defined below) result solely from an Operator Indemnified Party’s gross negligence or willful misconduct during the Interim Management Period.

**9.3.** Manager shall promptly and fully keep and hold Operator Indemnified Parties forever harmless from, and shall indemnify and defend Operator Indemnified Parties from and against, without regard to materiality, any and all obligations, judgments, fines, civil money penalties, sanctions, awards, Liabilities, losses, penalties, claims, costs, demands, damages, expenses, liens, and encumbrances, including investigation costs, time spent in depositions and reasonable attorneys’ fees and expenses (collectively, “Damages”), whether civil or criminal, direct, indirect or consequential and no matter how arising, in any way related to, connected with, arising or resulting from, or under this Annex, Manager’s performance of the Services, or the operation or management of the Facilities or Operator’s assets during the Interim Management Period.

**9.4. Insurance.** Manager shall maintain during the term of this Annex comprehensive general liability, property and casualty, professional liability, cyber insurance, worker’s compensation, employment liability, automobile, and other insurance with at least the same coverage and amount maintained by Operator with respect to the Facilities immediately prior to the Transition Date. Manager shall name Operator as an additional insured on Manager’s insurance policies relating to the Facilities during the Interim Management Period.

**10. Funding.** Manager shall fund the expenses incurred by Steward in accordance with that certain Settlement Term Sheet, dated September [●], 2024, by and among the Debtors, MPT (as such terms are defined therein) and the other parties thereto.

**11. HIPAA Compliance.** Manager agrees to take such steps as are necessary to ensure compliance with the Health Insurance Portability and Accountability Act of 1996 (Pub L. No. 104-191), including but not limited to its implementing rules and regulations with respect to privacy, security of health information, and transactions and code sets; the HITECH Act (Title XIII of the American Recovery and Reinvestment Act of 2009); the Omnibus Rule effective March 26, 2013 (78 Fed. Reg. 5566), and other implementing rules regulations at 45 CFR Parts 160 and 164 and related binding guidance from the United States Department of Health and Human Services and any federal, state and local laws governing the privacy and/or security of individually identifiable information, in each case, as the same may be amended, modified or supplemented from time to time (collectively, “HIPAA”) and other applicable federal and state privacy laws and regulations (collectively, the “Information Privacy or Security Laws”) with respect to any Facility and its

operations, and Operator agrees not to take or voluntarily permit any actions which violate Information Privacy or Security Laws with respect to any Facility or its operations. Toward this end, Manager and Operator agree to be bound by that certain Business Associate Agreement, attached hereto as Exhibit A.

**Annex 1**

**MLI Hospital Sale Order Provisions**

**Findings/Conclusions of Law:**

A. **Assets Property of the Estate.** The Debtors' right, title and interest in and to [●] (the "**Purchased Assets**") sought to be conveyed by the Debtors to the Designated Operator pursuant to the Settlement Term Sheet and the Bill of Sale (the "**Hospital Transaction**") are property of the Debtors' estates and title thereto is vested in the Debtors' estates within the meaning of section 541(a) of the Bankruptcy Code. For the avoidance of doubt, notwithstanding anything to the contrary set forth in this Order or otherwise, references in this Order or the Settlement Term Sheet to the Debtors' right, title and interest in and to the Specified MLI Hospitals shall not include the fee, leasehold or other possessory interest in the real property in such Specified MLI Hospitals (or in any improvements thereon or fixtures located thereon or therein), but shall include any right, title or interest of the Debtors in and to any inventory, FF&E or other personal property located therein or related thereto.

B. **Business Justification; Fiduciary Duties.** The Debtors have demonstrated that entry into and consummation of the Hospital Transaction constitute the exercise by the Debtors of sound business judgment, and such acts are in the best interests of the Debtors, their estates, and creditors, and all parties in interest. The Court finds that the Debtors have articulated good and sufficient business reasons justifying the entry into and consummation of the Hospital Transaction. The Debtors' decision to enter into and consummate the Hospital Transaction constitute a proper exercise of the fiduciary duties of the Debtors and their directors, managers, and officers.

C. **Corporate Authority.** Upon entry of this Order, the Debtors (i) have the corporate or other organizational power and authority necessary to fully perform under the Hospital Transaction and execute, deliver, implement and fully perform any and all other obligations, instruments, documents, and papers, and take any and all actions, in each case contemplated thereby, (ii) have all of the power and authority necessary to consummate the Hospital Transaction, and (iii) have taken or are deemed to have taken all corporate or other organizational action necessary to authorize and approve the Hospital Transaction and any actions required to be performed by the Debtors to consummate such transactions. Upon the entry of this Order, no further consents or approvals of the Debtors are required for the Debtors to consummate the Hospital Transaction.

D. **Arm's-Length Sale and Buyer's Good Faith.** The Hospital Transaction was negotiated and is undertaken by the Debtors, MPT and the Designated Operator at arm's length, without collusion or fraud, and in good faith within the meaning of section 363(m) of the Bankruptcy Code. None of the Debtors, MPT and the Designated Operator have engaged in any conduct that would cause or permit the Hospital Transaction to be avoided or subject to monetary damages under section 363(n) of the Bankruptcy Code, or that would prevent the application of sections 363(m) of the Bankruptcy Code. The Hospital Transaction was not controlled by an agreement between potential bidders within the meaning of section 363(n) of the Bankruptcy Code. Neither MPT nor the Designated Operator has violated section 363(n) of the Bankruptcy Code by any action or inaction. As a result of the foregoing, the Designated Operator is a "good faith" purchaser within the meaning of section 363(m) of the Bankruptcy Code and any other applicable bankruptcy or non-bankruptcy law with respect to the Hospital Transaction, and as such,

is entitled to all of the protections afforded thereby, including in the event this Order or any portion thereof is reversed or modified on appeal.

E. **Insider Status.** The Designated Operator is not an “insider” of any Debtor, as that term is defined in section 101(31) of the Bankruptcy Code

F. **No Fraudulent Transfer.** The total consideration provided by MPT and the Designated Operator pursuant to the Settlement Term Sheet, the Global Settlement, and the Bill of Sale constitutes reasonably equivalent value and fair consideration under the Bankruptcy Code, the Uniform Voidable Transactions Act, the Uniform Fraudulent Transfer Act, the Uniform Fraudulent Conveyance Act, and any other applicable law, and may not be avoided under section 363(n) of the Bankruptcy Code or any other applicable law. The Settlement Term sheet was not entered into, and the Global Settlement and the Hospital Transaction is not being consummated, for the purpose of hindering, delaying or defrauding creditors of the Debtors under the Bankruptcy Code or under the laws of the United States, any state, territory, possession thereof, or the District of Columbia, or any other applicable law. None of the Debtors, MPT and the Designated Operator has entered into the Settlement Term Sheet or is consummating the Global Settlement or the Hospital Transaction with any fraudulent or otherwise improper purpose.

G. **Free and Clear Transfer Required.** The Designated Operator would not have entered into the Bill of Sale or consummated the Hospital Transaction, if the conveyance of the Debtors’ right, title and interest in and to the Purchased Assets was not free and clear of the Liens, Claims, Encumbrances, and Interests (other than as expressly provided in this Order or the Bill of Sale) or if the Designated Operator would be liable for such Liens, Claims, Encumbrances, and Interests (other than as expressly provided in this Order or the Bill of Sale), including, without limitation and as applicable, any liabilities that are not expressly assumed by the Designated

Operator as set forth in the Settlement Term Sheet or the Bill of Sale. In consummating the Hospital Transaction, the Designated Operator shall be deemed to have materially relied on findings and decrees in this Order.

H. The conveyance of the Purchased Assets in accordance with the Bill of Sale is a legal, valid, and effective conveyance of all of the Debtors' legal, equitable, and beneficial right, title, and interest in and to the Purchased Assets free and clear of the Liens, Claims, Encumbrances, and Interests (other than as expressly set forth in this Order or the Bill of Sale).

I. **Satisfaction of Section 363(f) Standards.** The Debtors are authorized to convey their right, title and interest in and to the Purchased Assets free and clear of the Liens, Claims, Encumbrances, and Interests (other than as provided in this Order or the Bill of Sale), with such Liens, Claims, Encumbrances, and Interests attaching to the proceeds received by the Debtors ultimately attributable to the Purchased Assets encumbered by such Liens, Claims, Encumbrances, and Interests with the same nature, validity, priority, extent, perfection, and force and effect that the Liens, Claims, Encumbrances, and Interests encumbered the Purchased Assets immediately prior to such conveyance) because, with respect to each creditor or other person or entity asserting a Lien, Claim, Encumbrance, or Interest, one or more of the standards set forth in section 363(f)(1)-(5) of the Bankruptcy Code has been satisfied. Each creditor or other person or entity asserting a Lien, Claim, Encumbrance, or Interest in the Debtors' right, title and interest in and to the Purchased Assets (i) has, subject to the terms and conditions of this Order, consented to the Hospital Transaction or is deemed to have consented to the Hospital Transaction, (ii) could be compelled in a legal or equitable proceeding to accept money satisfaction of such Lien, Claim, Encumbrance, or Interest, or (iii) otherwise falls within the provisions of section 363(f) of the Bankruptcy Code. Those holders of the Liens, Claims, Encumbrances, and Interests who did not

object (or who ultimately withdrew their objections, if any) to the Hospital Transaction are deemed to have consented to the Hospital Transaction pursuant to section 363(f)(2) of the Bankruptcy Code.

J. **No Successor Liability.** None of MPT, the Designated Operator or any of their affiliates are successors to the Debtors or their estates by reason of any theory of law or equity, and none of MPT, the Designated Operator or any of their affiliates shall assume or in any way be responsible for any liability or obligation of any of the Debtors and/or their estates except to the extent explicitly provided in the Settlement Term Sheet or the Bill of Sale. Without limiting the generality of the foregoing, and except as otherwise expressly provided herein or in the Settlement Term Sheet or the Bill of Sale, none of MPT, the Designated Operator or any of their affiliates shall (a) be liable for any claims or defenses (including rights of recoupment) that may be asserted against the Debtors or any of their predecessors or affiliates, or (b) be subject to successor liability or similar liability for any claims, defenses, rights of recoupment, or causes of action of any kind or character against the Debtors, the Debtors' estates or otherwise, whether known or unknown, and none of MPT, the Designated Operator or any of their affiliates shall have any successor or vicarious liabilities of any kind or character, including, without limitation, under any theory of antitrust, environmental, successor, or transfer liability, labor law, de facto merger, mere continuation, or substantial continuation, whether known or unknown, whether now existing or hereafter arising, whether fixed or contingent, whether asserted or unasserted, whether legal or equitable, whether liquidated or unliquidated, including, without limitation, liabilities on account of warranties, intercompany loans, receivables among the Debtors and their affiliates, environmental liabilities, claims or defenses (including rights of recoupment) that may be asserted against the Debtors, the Debtors' estates or otherwise (including, without limitation, any taxes

arising, accruing, or payable under, out of, in connection with, or in any way relating to the operation of any of the Purchased Assets prior to the Closing). None of MPT, the Designated Operator or any of their affiliates is, and the consummation of the Global Settlement and the Hospital Transaction, will not render MPT, the Designated Operator or any of their affiliates, a mere continuation, and none of MPT, the Designated Operator or any of their affiliates is holding itself out as a mere continuation, of any of the Debtors or their respective estates, enterprise, or operations, and there is no continuity or common identity between MPT, the Designated Operator or any of their affiliates, on the one hand, and any of the Debtors or their estates, on the other hand. Accordingly, the Global Settlement and the Hospital Transaction does not amount to a consolidation, merger, or de facto merger of MPT, the Designated Operator or any of their affiliates with or into any of the Debtors or their estates and none of MPT, the Designated Operator or any of their affiliates is, or shall be deemed to be, a successor to any of the Debtors or their estates as a result of the consummation of Global Settlement and the Hospital Transaction

K. **Assets Assignable.** Each and every provision of the documents governing the Debtors' right, title and interest in and to the Purchased Assets or applicable non-bankruptcy law that purports to prohibit, restrict, or condition, or could be construed as prohibiting, restricting, or conditioning conveyance or transfer of any of the Debtors' right, title and interest in and to the Purchased Assets, if any, have been or will be satisfied or are otherwise unenforceable under sections 363 or 365 of the Bankruptcy Code, as applicable.

L. **Time is of the Essence.** Time is of the essence in consummating the Hospital Transaction. In order to maximize the value of the Debtors' right, title and interest in and to the Purchased Assets, it is essential that the Hospital Transaction occur within the time constraints set forth therein. Good and sufficient reasons for approval of the Hospital Transaction

have been articulated by the Debtors. Upon the entry of this Order, the Debtors and the Designated Operator, being a good faith purchaser under section 363(m) of the Bankruptcy Code, may close the Hospital Transaction any time after entry of this Order and subject to the terms and conditions of the Settlement Term Sheet and the Bill of Sale.

M. **No Sub Rosa Plan.** The Settlement Term Sheet and the Global Settlement and the Hospital Transaction contemplated thereby do not constitute a *sub rosa* chapter 11 plan. The Settlement Term Sheet, the Global Settlement, and the Bill of Sale do not impermissibly restructure the rights of the Debtors' creditors nor do they impermissibly dictate a chapter 11 plan for the Debtors.

N. **Final Order; Immediate Effect.** This Order constitutes a final order within the meaning of 28 U.S.C. § 158(a). Notwithstanding Bankruptcy Rules 6004(h) and 6006(d), and to any extent necessary under Bankruptcy Rule 9014 and Rule 54(b) of the Federal Rules of Civil Procedure, as made applicable by Bankruptcy Rule 7054, the Court expressly finds that there is no just reason for delay in the implementation of this Order, and, sufficient cause having been shown, waives any such stay, and expressly directs entry of judgment as set forth herein.

Effective as of such date, a certified copy of this Order may be filed with the appropriate Recording Officers to evidence cancellation of any recorded Liens, Claims, Encumbrances, or Interests against such Purchased Assets recorded prior to the date of such conveyance. All Recording Officers are hereby directed to accept for filing, whether by the Debtors or the Designated Operator, any and all of the documents and instruments necessary, advisable or appropriate to consummate the Hospital Transaction, subject to the payment of any filing or other fee imposed under non-bankruptcy law.

3.       **Approval to Release Liens, Claims, Encumbrances, or Interests.** The provisions of this Order authorizing the conveyance of the Purchased Assets free and clear of

Liens, Claims, Encumbrances, and Interests (other than as expressly set forth herein or the Bill of Sale) shall be self-executing, and none of the Debtors or the Designated Operator shall be required to execute or file releases, termination statements, assignments, consents or other instruments in order to effectuate, consummate or implement the provisions of this Order. For the avoidance of doubt, on or after the date of conveyance of any Purchased Assets, all entities, including without limitation all trustees or collateral agents, are authorized and directed to file and/or execute lien releases, including financing statement terminations, mortgage releases or other documents or agreements evidencing release of Liens, Claims, Encumbrances, or Interests in or against such Purchased Assets (other than as expressly set forth herein or the Bill of Sale). If any person or entity that has filed financing statements, mortgages, mechanic's liens, or other documents or agreements evidencing Liens, Claims, Encumbrances or Interests in or against such Purchased Assets (other than as expressly set forth herein or the Bill of Sale) shall not have delivered to the Debtors before such date, in proper form for filing and executed by the appropriate parties, termination statements, instruments of satisfaction, releases of liens and easements, and any other documents necessary for the purpose of documenting the release of all Liens, Claims, Encumbrances, and Interests in or against such Purchased Assets (other than as expressly set forth herein or the Bill of Sale) that the person or entity has or may assert with respect to such Purchased Assets, the Debtors and the Designated Operator are hereby authorized to execute and file such statements, instruments, releases, and other documents on behalf of such person or entity with respect to such Purchased Assets. The Designated Operator is hereby authorized to file, register, or otherwise record a certified copy of this Order, which, once filed, registered, or otherwise recorded, shall constitute conclusive evidence of the release of Liens, Claims, Encumbrances, and Interests in or against such Purchased Assets (other than as expressly set forth herein or the Bill of

Sale). This Order is deemed to be in recordable form sufficient to be placed in the filing or recording system of each and every federal, state, or local government agency, department, or office.

4. **No Bulk Sales.** No bulk sales law or any similar law of any state or other jurisdiction shall apply in any way to the Hospital Transaction.

5. **Good Faith:** The Hospital Transaction is undertaken by the Designated Operator in good faith, as that term is used in section 363(m) of the Bankruptcy Code, and the Designated Operator has acted without collusion in undertaking the Hospital Transaction. Accordingly, the reversal or modification on appeal of the authorization provided herein to consummate the Hospital Transaction shall not affect the validity of the conveyance of the Debtors' right, title and interest in and to the Purchased Assets to the Designated Operator, unless such authorization is duly stayed pending such appeal. The Designated Operator is a purchaser in good faith and are entitled to all of the protections afforded by section 363(m) of the Bankruptcy Code.

6. **No Avoidance.** The Hospital Transaction cannot be avoided under section 363(n) of the Bankruptcy Code, including as a result of a successful Challenge. None of the Debtors, MPT, the Designated Operator or any of their respective affiliates, officers, directors, members, partners, principals, or shareholders (or equivalent) or any of their respective current and former members, managers, officers, directors, employees, advisors, professionals, agents, predecessors, successors or assigns have engaged in any conduct that would cause or permit the consummation of the Hospital Transaction to be avoided, or costs or damages to be imposed, under section 363(n) of the Bankruptcy Code and no party is entitled to damages or other recovery in connection therewith under section 363(n) of the Bankruptcy Code.

7. **Governmental Authorization to Effectuate Sale and Assignments.** Each and every federal, state, and governmental agency or department, and any other person or entity, is hereby directed to accept any and all documents and instruments in connection with or necessary to consummate the Hospital Transaction subject to the payment of any filing or other fee imposed under non-bankruptcy law, and (ii) this Order as sufficient evidence of the conveyance of right, title, and interest in, to, and under the Purchased Assets (upon the consummation thereof). Upon the consummation of the conveyance of the Purchased Assets, the Designated Operator shall be authorized to operate under any license, permit, registration, and governmental authorization or approval of the Debtors with respect thereto, and all such licenses, permits, registrations, and governmental authorizations and approvals are deemed to have been, and hereby are, deemed to be transferred to the Designated Operator as of the consummation of such conveyance. To the extent any license or permit necessary for the operation of such Purchased Assets is determined not to be an executory contract that may be assumed and assigned under section 365 of the Bankruptcy Code, the Designated Operator shall promptly apply for and obtain any necessary license or permit, and, to the extent practicable, such license or permit of the Debtors shall remain in place for the benefit of the Designated Operator until a new license or permit is obtained (or, in the case of licenses or permits of Debtors of which the assignment to the Designated Operator is pending as of the date of consummation, shall transfer to the Designated Operator upon the expiration of such notice period or the receipt of such consent). No governmental unit may revoke or suspend any lawful right, license, trademark, or other permission relating to the Debtors' right, title and interest in and to the Purchased Assets conveyed to the Designated Operator on account of the filing or pendency of these chapter 11 cases or the consummation of the Hospital Transaction.

8. All persons and entities are prohibited and enjoined from taking any action to adversely affect or interfere with the ability of the Debtors to transfer the Debtors' right, title, and interest in and to Purchased Assets to the Designated Operator in accordance with the Settlement Term Sheet, the Bill of Sale, and this Order.
